

AYUSH VISHWAKARMA

Aspiring AI/ML Engineer | B.Tech – CS & Engineering (AI & ML)
Pune, India | ayush.vishwakarma251@vupune.ac.in

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate specializing in AI & ML at Vishwakarma University. Hands-on experience building intelligent systems with Python, TensorFlow, and PyTorch. Achieved 3rd place at the IIT Kanpur AWS Hackathon. Passionate about fintech, fraud detection, and AI-driven solutions.

EDUCATION

B.Tech – Computer Science & Engineering (AI & ML)

Vishwakarma University, Pune | Expected 2029 | CGPA: 8.6 / 10

Coursework: *Machine Learning, Deep Learning, Data Structures & Algorithms, Python Programming, Statistics for AI*

TECHNICAL SKILLS

Languages: Python, HTML, CSS, C/C++

AI/ML Frameworks: TensorFlow, PyTorch, Scikit-learn

Domains: Machine Learning, Deep Learning, Computer Vision, Fraud Detection, Predictive Analytics

PROJECTS

AI-Powered Attendance System

- Face-recognition system eliminating manual roll calls; reduced recording time by 80% using Python & deep learning.

Online Fraud Detection System

- ML classification model detecting fraudulent financial transactions using Scikit-learn — fintech focused.

Smart Farm AI

- AI advisory system for crop recommendations and yield predictions using environmental and soil data.

PROFESSIONAL EXPERIENCE

Production Manager | *Part-time (alongside studies)*

- Gained practical exposure to teamwork, operational management, and decision-making in a professional environment.
- Developed leadership, time management, and financial documentation skills including invoicing and account handling.

ACHIEVEMENTS & CERTIFICATIONS

- **3rd Place – IIT Kanpur AWS Hackathon** (national-level competition).
- Completed AI Journalist Program by Outskill – AI-based content creation, research methods & media communication.
- **1st Place – NSD Hackathon**
- Won first place by designing and deploying an innovative AI-powered solution under competitive time constraints.
- **2nd Place – Game Jam Hackathon**
- Secured second place in a fast-paced hackathon demonstrating creativity, technical execution, and teamwork.

AREAS OF INTEREST

Cryptocurrency & blockchain, mutual funds & investment strategies, financial planning, AI tools and their real-world applications in productivity and decision-making.
